

0-Oculus Tempore

folder - D&D/Oculus Tempore/Action Rpts/0 - 09_sep

The World

- Ether is Real. We are in Haven and place that lives on Ether, is surrounded by Ether, and solid Ether power the spellcraft.
- Haven is surrounded by vicious storm clouds. While Ether is everywhere and controlled by those with Magic, solid Ether is rare and very valuable.
- There is a pair of twin stars and the center of Haven, and there are Lay-Lines between the many planets within Haven that act as fast support highways for the Spellcraft.

There are 4 nations within Haven

1. **Vespera Messis**
 1. Great wealth, most advanced technology
 2. Atheist
 3. Matriarchy society, Ruled by a Queen
2. **Kasho**
 1. very close to the asteroid belts
 2. great mining civilization
 3. not friendly, very militant
3. **Fasach**
 1. they are crazy
 2. very near the storm walls
 3. animalistic religion
 4. not rich, but wild and very tough
 5. not friendly
4. **The Flotilla**
 1. not planet based, HUGH fleet of giant ships
 2. network of inter related family
 3. trading culture
 4. big mix of cultures

Overall Plot

- The people of Promima are planning to overthrow the rulers of Haven. This has been seen by the Queen / Admiral.
- The Queen has acquired a precious Statue made of etherian crystal, that can be used to travel through time. This time travel has never been tested
- It is not possible at the current time to attack and defeat Promima, so the plan is to go back in time and weaken them, or perhaps stop the powers at Promima from even wanting to overthrow Haven
- **Visa** (the guy we fought within the floating carcass head) is an evil **Fasha**
- **Francesta** is a Daughter of the Queen who tried several times to marry into the Wynderfall family but was continually rejected

The Ship Iron Maiden

- We have a new ship the **Iron Maiden**, it is a man-at-war 64 cannon ship
- The ship has a Magic statue also called **The Iron Maiden** that is an etherian crystal figure of a maiden that is enclosed in a retractable Iron Shield. The shield must be open to allow for Time Travel
- The first test of time travel aboard the Iron Maiden where successful, we could travel to the right time and location and return

Promima Intel

- There is a rumor that Hans's old girlfriend **Kira** is the leader of a revolutionary group that is trying to overthrow the leadership of Proxima
- **Kira** is very athletic and graceful, like a gymnast with amazing dexterity
- It is rumored that she looks similar to **Kira**, but for some unknown reason he abandoned her.
- Han and **Kira** were in love while in the Promima crime gang, but Hans had to abandon her when he escaped
- **Kira's** father is a Big Crime boss and is believed to have taken **business** trip from the Promima satellite to Promima Prime
- Hans grew up on what he and everyone else thinks of as Promima, but is just a ruse, now referred to as Promima_fake
- No one goes to Proxima, and it is rumored that the people of Promima are a homogeneous species, and different from the other groups in Haven

The Wynderfall's

- The Wynderfall are **Kryssle's** parents, a very powerful magic family who are incredibly wealthy from the agricultural business
- The Wynderfall family have always been very loyal to the Queen and had helped prevent the Promima Powers from access to the Queen of Haven
- **Dolfus Wynderfall** is Kryssle's brother and the only survivor of the bombing. **Kryssle** was not at the event. but was away at school
- The Queen appointed **Kristolf Waltz** (a Wynderfall cousin) to run the Wynderfall agricultural enterprise
- **Kristolf Waltz** is a supporter of the Proxima group, no one has seen him, but he does exist
